Yasser Merabti

Computer Science Student · Aspiring Software Developer

Béchar, Algeria · merabtidev@gmail.com · [Phone] · linkedin.com/in/yasser-merabti-5b53653a4 · [GitHub link]

Profile

Second-year Computer Science student at Tahri Mohamed University of Béchar, building a strong foundation in programming, algorithms and data structures with Python, C++ and Java. Hands-on experience with code quality analysis using SonarQube and with installing and configuring networked surveillance systems. Focused on web development and software quality and security, and looking for an internship or junior opportunity to grow as a developer.

Education

Bachelor's Degree (Licence) in Computer Science, Tahri Mohamed University of Béchar
2025 – Present (expected [2028])

- Currently in second year
- Focus: programming, algorithms and data structures, software engineering fundamentals

Baccalaureate, Scientific Stream, Algeria [Year] · [Mention, if any]

Projects

Code Quality Analysis with SonarQube, University practical project *SonarQube, SonarScanner*

- Set up and configured the SonarQube analysis environment
- Connected the source code to SonarQube and ran quality analysis with SonarScanner
- Reviewed the bugs, security vulnerabilities and code smells detected, and identified fixes

Personal Developer Portfolio, Web development *HTML5, CSS3, JavaScript, GSAP*

- Designed and built a responsive portfolio website presenting my profile, skills and projects
- Added scroll-based animations and an interactive user experience with GSAP

Experience & Training

Technical Training: Surveillance & Security Systems, Certified Technical Installer 2026

- Installed and configured IP camera and alarm systems
- Configured DVR/NVR devices and their network settings
- Set up secure remote monitoring and mobile access
- Gained hands-on experience with networking and physical security systems

Independent Technical Learning, Self-directed 2025 – Present

- Practicing algorithms and problem solving in Python, C++ and Java
- Learning web development and version control with Git and GitHub

Certifications

- Surveillance Camera, Video & Alarm System Installation (2026)

Technical Skills

- **Programming:** Python, C++, Java, JavaScript
- **Web:** HTML5, CSS3, GSAP
- **Tools:** Git & GitHub, Visual Studio Code, SonarQube, SonarScanner
- **Networking & systems:** IP cameras, DVR/NVR configuration, remote access setup

Languages

- **Arabic:** Native
- **French:** [Level]
- **English:** [Level]

Interests

Football, chess, technology and continuous learning
